

Become an ACM MM 2007 Corporate Supporter!

The conference organizers warmly invite your support of ACM Multimedia 2007. Corporate support publicizes your organization's interest in and commitment to the multimedia field. A premier event with international visibility, ACM MM 2007 is the perfect place to inform leaders and students in the field, as well as the interested general public, about your company's activities and products.

The conference recognizes two levels of contribution: Corporate Benefactors and Corporate Sponsors.

Sponsors (\$2,000 to 4,999 U.S.)

In recognition of your support at the Sponsor level:

- Your name and logo will be included on conference announcements and the program.
- Your company's name, logo, brief description, and link will be included in the conference web site, maintained at <http://www.acmmm07.org/>
- We will announce your company's contribution at the opening and closing sessions of the conference.
- You will have the opportunity to include material and give-always with the conference material for each attendee.
- You will receive one free registration for someone from your company to attend the conference.
- You will be invited to give a demonstration of your choice at the ACM MM 2007 demo night.

Benefactors (\$5,000 U.S. or greater contribution)

Corporate Benefactors receive all the benefits of sponsors as well as the following additional acknowledgements:

- Your name will be listed in all the material as a Benefactor. You will receive special acknowledgement as a benefactor in the conference announcements and publications.
- A conference event, such as a coffee break, luncheon, or reception, will be named after your company. Event naming is based on the amount of the contribution and otherwise on a first-come-first-served basis.
- You will receive one additional free registration for a second individual from your company to attend the conference.

Please contact the conference sponsoring chair, Arnon Amir, arnon@almaden.ibm.com for more information and to arrange your company's support of ACM MM 2007.
